Dear Andrew,

I would like to thank-you and your team for the herculean effort in providing HMS Bulwark upgraded transformer cooling fans. The expediant and accurate result was recognised all across the board, from the commanding officer to us here in the In-service support team. The rectification of this operational defect has enabled the vessel to join her tasking group on time and in a much improved material state. Your efforts are both greatly valued and appreciated.
All the best for you and your team over the forthcoming christmas period and indeed for the future.

Yours Sincerely

A handwritten signature in black ink that reads 'Cameron Hunter'.
